Experience

Rastuc Technologies Limited – Nairobi, Kenya
Lead Mobile Developer • May 2025 – September 2025

- Designed and launched a mobile app using React Native, React Native Reusables, and Nativewind CSS
- Mentored junior developers and streamlined practices; deployed apps to Google Play Store
- Coordinated meetings, assigned tasks, and tracked project progress

Frontend Developer • Jul 2024 – September 2025

- Built responsive applications with Next JS, integrating ShadCN UI, Mantine UI, and Tailwind CSS
- Connected front-end with GraphQL and REST APIs using Apollo

Backend Developer • Jun 2024 – Nov 2024

- Maintained and extended Django APIs with Strawberry GraphQL in existing codebases
 - Wrote unit tests and documentation to improve reliability and maintainability
-

VS Tech – Nairobi, Kenya
Fullstack Web Developer • Jun 2024 – Mar 2025

- Developed and maintained applications using Next JS as a fullstack framework
- Built responsive UI components and improved performance across client projects
- Refactored and maintained legacy codebases, ensuring clean code practices

Leadership & Activities

Rastuc Technologies Limited – Nairobi, Kenya

HR & Mentorship • May 2025 – September 2025

- Led mentorship programs to upskill junior developers in modern frameworks
- Facilitated project management workflows using Jira and Trello
